**Please Read Carefully - General Instructions for Completing
WC-123 Form "Report of Occupational Injury"**

General Overview: The Report of Occupational Injury, form WC-123, is divided into three sections:

Section I: To be completed by the injured worker	Section II: To be completed by the attending physician	Section III: To be completed by employer
---	---	---

A claim cannot be established until the Workers' Compensation Division has received the "Report of Occupational Injury." This form should not be used to file occupational pneumoconiosis or hearing loss claims. Please note that W. Va. Code §23-4-1 provides that employees of the state and its political subdivisions are ineligible to receive workers' compensation while drawing sick leave benefits at the same time for the same reason. It is the joint responsibility of the claimant and the employer to file an Election of Options form with the WC-123.

To the Injured Worker: Section I on this form must be completed by you. Your attending physician is responsible for completing the second section. After both sections are completed the gold copy of this form is yours to keep. Your doctor is expected to complete and submit their completed portion of the form to you. Once you receive the doctor's completed section you must take the form to your employer so that they can complete the third section. Your employer is required to send the completed form to the Division. If you do not receive a decision on your claim within 14 days after the form is given to your employer, you should check with your employer to see if they have completed their section. If the employer has not completed their section you can send in the completed claimant and physician sections to address listed below. We will begin processing your claim and will contact your employer for completion of the third section. The ultimate responsibility of filing a claim rests with you. To be eligible for benefits, **an application for benefits must be filed with the Division within six months** from and after the injury or death. If you have any questions, you may contact the Division at 1-800-628-4265.
